--BRIEF DESCRIPTION OF THE DRAWINGS--

Please insert the following section title before the third complete paragraph on page five, that is, before the paragraph beginning, "In method step 1 * * *":

--DETAILED DESCRIPTION--

IN THE CLAIMS:

Please amend the following claims in "clean" format.

1. (Amended) Method for preventing the falsification of access cards containing a plain text information that identifies a type of authorization, the method comprising:
encoding the plain text information by applying a key; and
introducing a code onto an access card.

2. (Amended) Method pursuant to claim 1, further comprising applying the code with an imprinting process.

3. (Amended) Method pursuant to claim 1, further comprising making the code machine-readable.

- RECEIVED
U.S. PATENT AND TRADEMARK OFFICE
4. (Amended) Method pursuant to claim 1, further comprising converting the code back into plain text information by using the key.
 5. (Amended) Method pursuant to claim 1, further comprising reproducing the code.
 6. (Amended) Method pursuant to claim 1, further comprising checking the plain text information with the code by using the key, wherein the key is stored in a computer.
 7. (Amended) Method pursuant to claim 6, further comprising selecting respectively different keys as a function of features of the respective access card.
 8. (Amended) Method pursuant to claim 6, further comprising using a secret key.
 9. (Amended) Identification card with plain text information for identifying a type of authorization, the identification card comprising a code that can be determined from a plain text information by using a key.
 10. (Amended) Identification card pursuant to claim 9, further comprising an imprinted code.
 11. (Amended) Identification card pursuant to claim 9, further comprising a machine-readable code.

REMARKS

Applicants request entry of the present amendments that conform the claims to U.S. practice. No new matter is being introduced by this Amendment as antecedent support is set forth in the original specification and in the original claims. Attached hereto is a marked-up version of the changes made. The attached page is captioned "Version with Markings to Show Changes Made."

Prosecution on the merits is respectfully requested.

The Examiner is invited to contact Applicant's Attorneys at the below-listed telephone number regarding this Preliminary Amendment or otherwise regarding the present application.

If there are any charges with respect to this Amendment or otherwise, please charge them to Deposit Account No. 06-1130 maintained by Applicants' attorneys.

Respectfully submitted,

DR. NORBERT MILLER ET AL.
